Holiday Fire Safety Preparedness Night

Thursday, December 10 at 5:30 p.m.

As temperatures drop, learn how to safely heat your home, prevent carbon monoxide exposure, and keep your family safe throughout the winter months.

Other topics include :

- Holiday cooking safety with the whole family
- Decorating your home safely for the holidays
- Signing up for emergency notifications
-

Join us for an informative evening of holiday fire safety, emergency preparedness, and practical tips to stay safe this season!

Free and open to the public!
